## What are We Exhibiting?

### ST2110 Audio Monitor — AM-3829

**NEW**

This is our newest audio monitor, compatible with SMPTE ST 2110-30. Equipped with SDI, MADI, AES, and analog interfaces, it enables audio signal monitoring in any situation. It can also be used as an IP gateway for audio.

**Flexible audio channel mapping between Input and Output.**

[For details](#)

### Portable SRT Transmitter — TR-5004

**NEW**

The TR-5004 is a portable SRT transmitter that supports the SRT protocol. It is a compact product that supports TALLY, INTERCOM, camera control, and return video confirmation all in a single, easy-to-use unit.

**This can turn your conventional studio cameras IP(SRT) capable easily.**

[For details](#)

### 8K×8K Square sensor camera — AB-4838/AC-4837

**NEW**

This is a video camera equipped with an 8192x8192 pixel image sensor. The square image sensor effectively covers the image circle of a fisheye lens, making it ideal for VR systems. It can also shoot higher frame rates, like 8K4K 120p/8K2K 240.

**8K×8K combined with a VR headset produces unparalleled video immersion.**
